“ Mom Thank you for being my mom for ten years, as some of you may know, we met in church. Mom came to me and told me that God spoke to her and she said, “I don’t know how you are going to take this,” but God told me, “You are my daughter.” I was totally surprised and over joyed that this sweet little lady came to me, accepting ME as one of her own and she did just that, also including Mark as a son. We were instant family, EVERYBODY!!! Mom, you were the best, not only my mom but my best friend. We shared much life together through the years and I thank you for all the love, laughter and spiritual guidance you gave to me and my whole family, you were such a blessing. I still want to pick up the phone to call you everyday or say, “I’ll be there in five minutes”...you know my heart, “You’re my guardian angel,” we talked about this. Special Thank you to Joyce, Janine, David and Cindy for sharing this wonderful lady I got to call my mom. There will never be another Betty Olah as we have often told her as she would laugh. We love and miss you so much. You will always remain in our hearts as we go through this journey of life. Fly high mom, I love you, we love you...till we meet again. ??????????????
