

Blake M. Stocker

October 4, 1989 - June 3, 2026

Blake M Stocker peacefully passed away June 3, 2026, surrounded by family, due to a brief illness. Blake was born on October 4, 1989, and lived most of his life in the city of Sheffield Lake. Blake worked in retail and manufacturing before landing his career path, working for the Sheffield Lake Parks Department. Combined with the efforts of a small crew, Blake's dedication and attention to detail recently yielded state recognition of two lakefront parks in the city. Blake's greatest contributions, however, were his dedication to his family and friends. Blake was simply a fun loving, genuine soul who carried a calm demeanor and an infectious smile.

He enjoyed the outdoors, collectables, movies, local sports, gaming and date nights. Survivors include his wife Erin and their children Elijah and Amari. His parents, Tod and Melissa, brother Dane, nephews Seeley and Adonis, Uncle Greg and his grandmother. He was preceded in death by his sister Courtney.

All services are private. However, the family is hopeful to organize a celebration of life in the future. For those who may wish to contribute, a GoFundMe account has been established by the family to support the future of their children:
