“ Hello, I am so sad to learn of you mom\'s death. My parents, Howard and Anne Deem lived above the hardware store when they first married, and had me. I remember later visits to your ranch, and barely remember Beth. Both Dolly and Red were so kind to me as a child. I regret I won\'t see her to tell her. I now live in california, but am driving through Parma sati u rday, hoping to visit old homes. Your parents kindness will be with me. My folks are still alive, and I am sure will also mourn the news about your mom.
