“ I do consider all of the concepts you've offered to your post. They are really convincing and can certainly work. Nonetheless, the posts are too quick for starters. Could you please lengthen them a bit from subsequent time? Thanks for the post. Look into my web site ...

“ I met George through him advertising his plumbing business George the Plumber with me at Town Money Saver in the late 1990's. I would meet with him monthly for breakfast. He was my mentor and friend. I will miss him so much. My condolences to the family.

“ In the short time we knew George, we were always treated like a part of the family. His memories of his earlier life always kept us enthralled. We felt loved by both George and Joyce and will miss our visits to them whenever we come back over from the UK. We thank God for the joy and love they brought to all the family.

“ *Your parents are missed so much by many and certainly by us. Your mom was the arm that directed and conducted what happened in Joel's dental office, and he was forever grateful that she (at over age 40) learned to be his chairside assistant as well as office manager. She was a treasure as a sister more than anything! (As the sister-in-law; I can say she was a GEM!) George was always there for us, too! Insurance, plumbing, and ALWAYS a good new joke! It's hard to put into a few words what they have meant to us, what they mean to others-still, and how much they are missed.*
