“ I remember Jamie so vividly. Charismatic, brave and silly. So loyal. Dapper before the uniform. Had a spine like a whip and he'd charm the girls on the dance floor or defend them in the mosh pit, always ready with a pointy elbow for any bully. Wildly scintillating conversations- that's what I miss having lost him. My prayers are with Ed and his family, I know James is warm in the embrace of Patricia and Gregory now.

“ I only knew Jamie a little, but he was so sweet and kind to me. Jamie thanks for your service, and my heart hurts you saw no other option.
